How to choose a Professional Service Provider:

- A professional technician will know the species of your pest problem from experience. After inspecting your property they will find the extent and cause of your pest problem fast.
- They have the pest control training and certification to use all the most effective controlled substances permissible under the control of pesticide regulations, should such treatment is necessary.

- They can safely administer the most suitable procedure for eliminating your pest problem.
- They will use techniques which will prevent damage, contamination and exposure to you, your employees, your family and pets.
- They will advise you on how to ensure that there is no reoccurrence of pests in your property and provide report of control.

Why Choose Pestocure Pest Control Services:

- All our technicians have regular intense training to conform to the highest standards and ensure they can protect you using the best methods for the job.
- Our prices are lower than all other professional pest control companies.
- We cover all areas of Twin Cities (Hyderabad&Secundrabad) and are available 24/7.
- If requested we can be on site the same day for immediate assistance.
- Our technicians have years of pest control experience, giving you the peace of mind that your home or office is secure.
- Our friendly technicians will always explain clearly how to prevent future incidents and provide a report of all pest control services provided to you.
